

This file lists the prefixes which have been registered with the L^AT_EX team for use in expl3 code. Programmers are invited to register their (public) prefix use by contacting the team at

`modules@latex-project.org`

with the relevant information for the `.csv` file, i.e., *Prefix, Module or package, Registrant, Homepage, Source repository, Issue tracker*.

We recommend that short prefixes are avoided as there are a limited number of these very general names available. The file `l3prefixes.csv` contains more details on each module, for example any information on source repository or issue tracker.

| Prefix | Module | Registrant |
|--------------|----------------------|--|
| ENdiagram | endiagram | Clemens Niederberger |
| GS | gs1 | Markus Kohm |
