

Reaching For Greatness

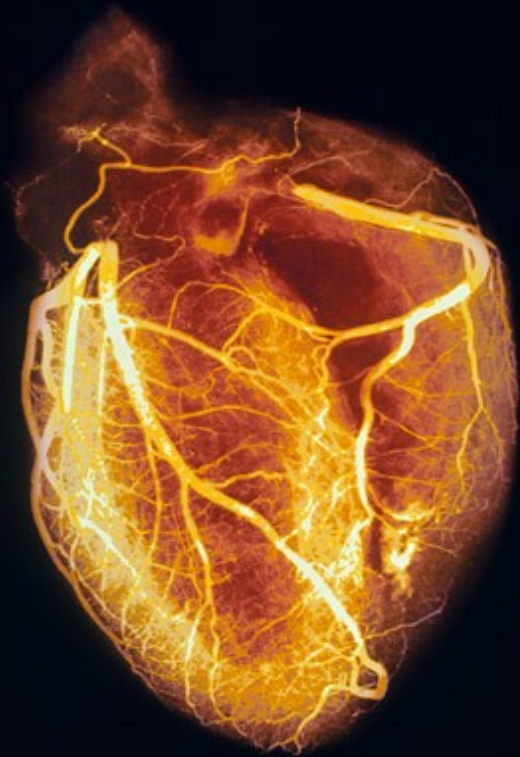

Aaron Seigo

Tampere, Finland | Akademy 2010

Part I
an introduction

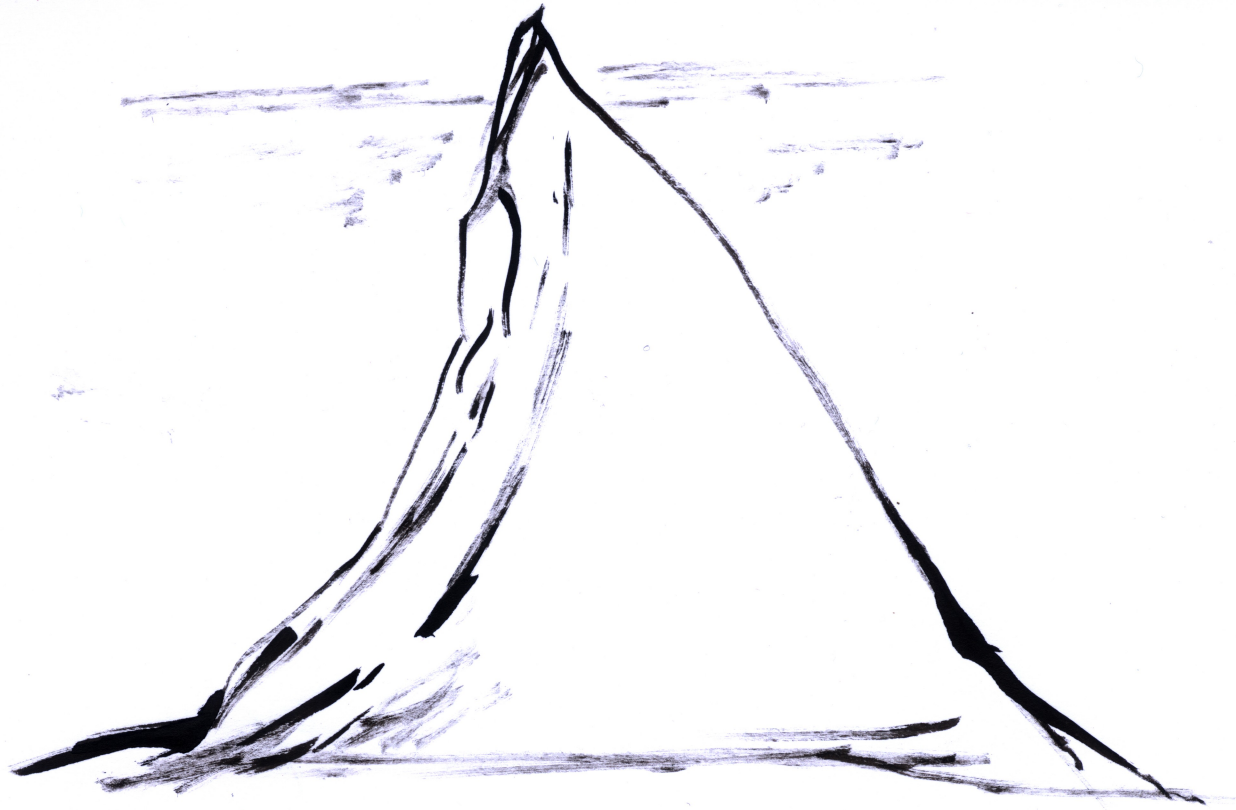

\$TODIP

Part 2

community dynamics

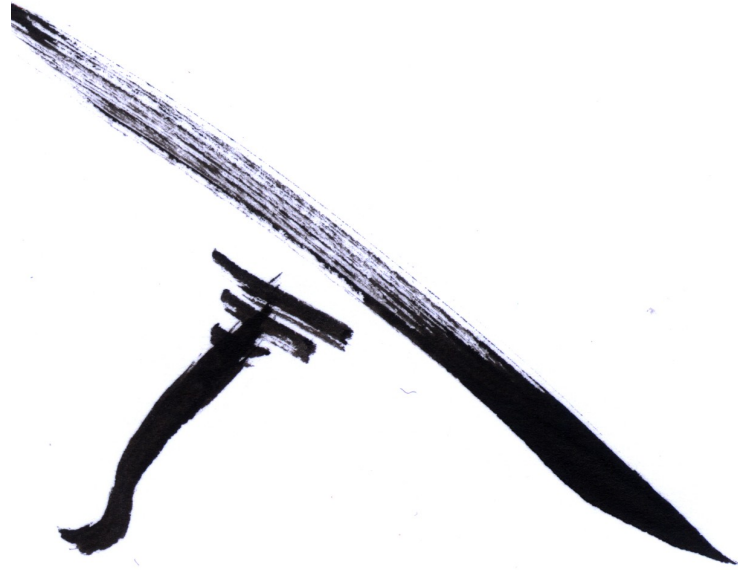

reaching for greatness

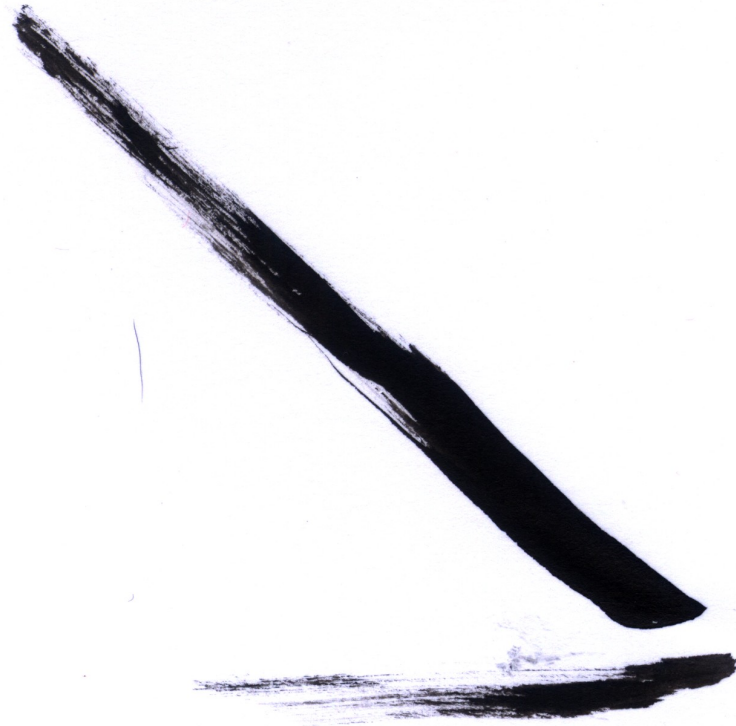

one team, one community

many teams, one community

varying targets

unique goals, shared goals

Part 3

on our ability to succeed

400,000 laptops in 2009
300,000 more in 2010
KDE 4 transition a huge success

1,000,000 laptops for students

11,000 systems in embassies around the world
PDF forms in Okular

The Great KDE Libs Crisis Of '04

Part 4

challenges and opportunities

Public
Perception

Global Coordination

Global Coordination

Requires *consensus*

Global Coordination

Requires *commitment*

Global Coordination

Requires *documentation*

elegance

... is an *iterative* process
